

New Design / Range

Casale 350 x 350 mm (CTM)

Introducing one of our latest ranges, developed at Pegasus for CTM!

Casale Charcoal

Casale Cotta

Casale Ivory

Casale Taupe

Casale, Italian for 'house', is the name of the range inspired by the traditional, handmade terracotta tiles seen in rustic Italian country houses. Setting this range apart is the colour palette, which is modern and reminiscent of those found in cement-inspired tiles. Even the Cotta variant in the range tones down the bright orange hues of traditional terracotta, resulting in a more elegant and subdued fawn shade. The range retains the subtle patterning of handmade terracotta, which varies from tile to tile, recreating the beauty of this traditional flooring.
